

# MAINE ASCD PRESENTS

## Connecting With the Common Core Standards

WINTER CONFERENCE

JANUARY 27, 2012

Maine ASCD, ASCD and the Maine Department of Education come together again to bring you the most current information and access to resources as we continue our work with the Common Core State Standards. Bring your team, your laptop, your ideas and your questions as we move forward with this exciting work!

### Have you been wondering...

What is Maine's timeline with the Common Core?

What resources are available to use in this work?

What does the topic of text complexity really mean?

What is happening with the restructuring of ESEA?

**These questions and more will be answered!**

**David Griffith**, ASCD Director of Public Policy in Alexandria, VA, will speak in the morning. He will provide us with important background information related to the history and adoption of the Common Core Standards in the United States.
