

The *Journal of Maine Education (JME)* serves as an exchange of professional insights and information among *preK-12 educators, education researchers, adult education practitioners, college and university educators, and education policy makers*, with an emphasis on *preK-12 education*. It is a forum for stimulating thinking about education practices and policies.

The *Journal of Maine Education*, published annually, is provided to Maine ASCD members as part of their membership benefits and can be purchased by others.
